

How to submit a Paper on ICIEMC 2016 CMT Platform

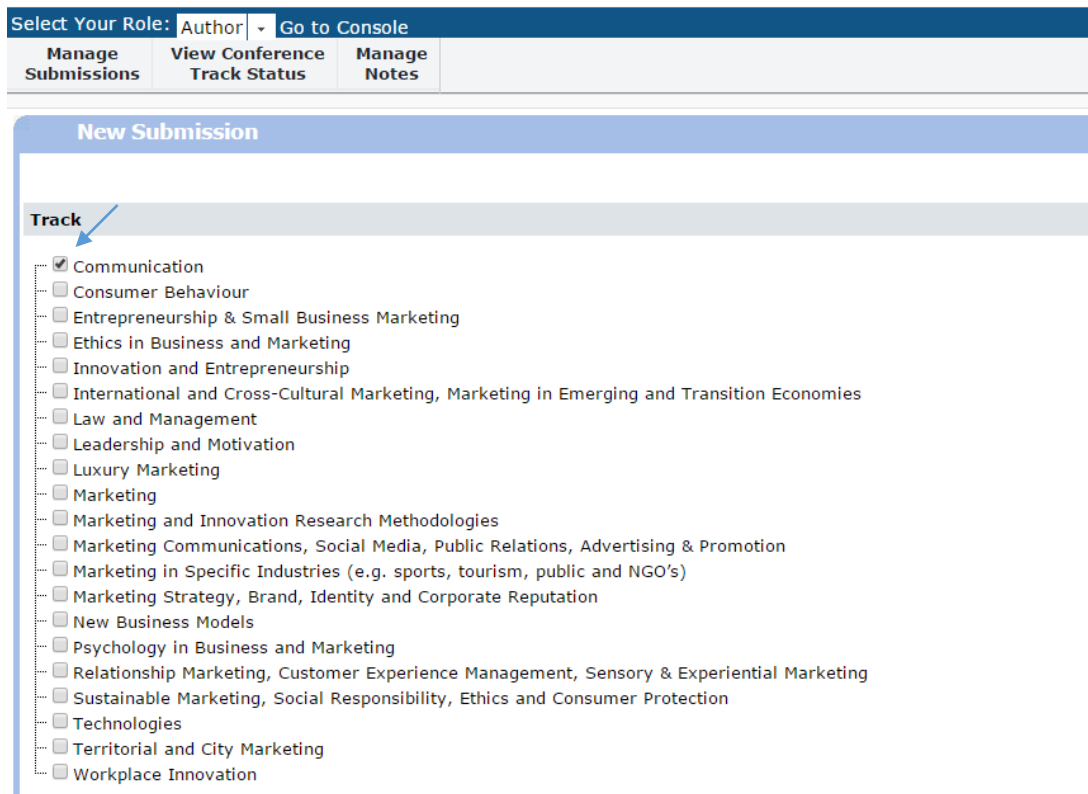

The ICIEMC 2016 submission platform can be reached at: <https://cmt.research.microsoft.com/ICIEMC2016/>. The first step is to register with the email you wish to use for correspondence as an author.

After accessing the CMT platform, you will see in the Manage Submission Menu, the option “Create a new Paper Submission”. Please click on it (see the arrow in the next image).

Classic Console: You are currently using the [new console](#). If you want to switch to the classic console please click [here](#).

Next, choose one Track where you want your paper to be associated. In the example provided below, we chose Communication as an example.

Next, please add your paper title, in the Title field, and the abstract of your paper in the Abstract field.

Select Your Role: **Author** | Go to Console

Manage Submissions | View Conference Track Status | Manage Notes

New Submission: Communication

You can only add following paper details on this page. To add reviewer conflicts please use the 'Quick Edit: Reviewer Conflicts of Interest' link.

Welcome Message from Chair

Please upload your paper in word or pdf and ensure you do NOT leave any author information in your paper (i.e. no author names or acknowledgements that may indicate where are you from).

By submitting your paper:

- * you declare that the content of your paper is not plagiarism and is correct, from what authors do know.
- * you acknowledge that all authors will participate in the blind reviewing process of other papers submitted to the conference.
- * you allow the dissemination of the paper, if accepted and registration paid, in ICIEMC 2016 conference proceedings (note that this does not imply any barrier in publishing your paper in an academic journal, book or other type of publication).

For any questions regarding the above-mentioned conditions, please contact us at iciemc@europaia.pt.
